How Does it Work?

The **Premier Access Plan** works similar to many dental plans on the market. You pay a monthly membership fee for benefit coverage on your dental expenses. The plan is designed to cover preventive services such as cleanings and oral exams. This provides coverage that can be budgeted at an affordable monthly expense while receiving good benefits for your higher cost dental service.

Who Administers the Plan?

Friedman Dental Care administers the **Premier Access Plan** and works with you, the patient, directly to make all dental service decisions. There is no need to contact a 3rd party company for information. All questions regarding plan coverage, verifying benefits, changing coverage types, or any other questions should be directed to Dr. Friedman's office.

How Do I Use a Specialist?

Dr. Friedman may refer a patient to a specialist who participates in the **Premier Access Plan**. Members must verify the specialist's participation in the referral network prior to accepting treatment. A complete listing of all participating specialists is available at the front desk.

Why the Program Works

If asked, most people would agree that decisions about dentistry are best made between the patient and their dentist, without a third-party company's involvement.

The **Premier Access Plan** is different! It has been designed to provide you and your family with affordable preventive dental coverage, your dentist owns and administers.

Not only does the **Premier Access Plan** provide excellent coverage on preventive dentistry, the plan offers good coverage on major dental procedures like crowns, root canals, bridges, and dentures.

Since your **Premier Access Plan** is not administered by a third party insurance company, all the decisions regarding your dental treatment may be decided by you and your dentist – Dr. Sid Friedman, without the need for claim forms, approvals, deductibles, or waiting periods.
